Dear

Gloucestershire Constabulary Freedom of Information request 2023.0786

On 07/08/2023 you sent an email constituting a request under the Freedom of Information Act asking the following:

1. Please provide information on the total number of thefts of motor vehicles recorded between 1st January 2019 and 31st December 2019 (inclusive) and 1st January 2022 and 31st December 2022 (inclusive) in your force area.
2. Please also provide a breakdown of the number of thefts of motor vehicles split by make and model within both time periods.
3. Please also provide a breakdown of the number of thefts of motor vehicles split by the city/town they were stolen from within both time periods.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly whilst we endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

I can confirm that a search has been conducted for crimes recorded in the 2019 calendar year and the 2022 calendar year for the offence of Theft of Motor Vehicle.

The results are displayed in the attached document. The location field on the crime recording system is free text and therefore it's not possible to accurately provide city/town statistics. As such, the locations have been displayed at community level.

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.

The Information Commissioner can be contacted via the following means:
