Dear

Gloucestershire Constabulary Freedom of Information request 2024.0008

On 02/01/2024 you sent an email constituting a request under the Freedom of Information Act asking the following:

I am writing to request, under the Freedom of Information Act 2000, the following:
The number of under-18s who committed homicides using a knife or sharp instrument in the following years?

2018 2019 2020 2021 2022 2023

If it is not possible to provide the information requested due to the cost of compliance limits identified in Section 12 of the FOI Act, please provide advice and assistance, under the Section 16 obligations of the Act, as to how I can refine my request.

I request that the information be sent to me digitally and within the legal timeframe for requests.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly whilst we endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

Following receipt of your request, I can confirm that a search of the crime recording system has been conducted for the offences under the Home Office Offence Category of Homicide between the dates of 01/01/2018 – 31/12/2023. Whereby a free text search of the MOs has been carried out for the terms 'knife' or 'sharp instrument'. A filter has then been applied to identify records whether the knife crime tag has been applied. The offenders/suspects ages at the time the offence occurred has been brought in to the results and a manual review has then been conducted for the offenders/suspects who have committed the offences under Homicide when they were under 18. The results are as follows:

Year	2018	2019	2020	2021	2022	2023	Total
Offenders/suspects under 18	0	0	0	9	0	0	9

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.
