Dear

Gloucestershire Constabulary Freedom of Information request 2024.0011

On 03/01/2024 you sent an email constituting a request under the Freedom of Information Act asking the following:

I am writing to request, under the Freedom of Information Act 2000, the following:

The number of under-18s committing rape and sexual assault with a knife in the following years?

2018 2019 2020 2021 2022 2023

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly whilst we endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

Following receipt of your request, I can confirm that a search of the crime recording system has been conducted for recorded crimes under the Home Office Offence Group of Sexual Offences between the dates of 01/01/2018 – 31/12/2023. A filter has then been applied to the results to identify records where a knife crime tag has been applied, and a free text search of the MOs has been carried out where knife has been mentioned. The

offender's ages at the time of the offence has also been brought in to the results and this has returned 9847 records.

A further filter has then been applied to the age at the time of the offence where the offender is aged 0 -18 this has returned 124 records.

A manual review has then been carried of the MOs to ascertain if a knife was used in the crime. This review has returned zero (0) results.

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.
