Dear

Gloucestershire Constabulary Freedom of Information request FOI_24_0091

On 16/01/2024 you sent an email constituting a request under the Freedom of Information Act asking the following:

[...]

I again request (under FOIA) a copy of the cameras latest calibration test certificate in order to make a more accurate clear decision.

[...]

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Please find attached a copy of the calibration certificate as requested.

Please note that redactions have been made to the certificate by virtue of Section 40(2) – Personal Information.

Section 17 of the Freedom of Information Act 2000 requires Gloucestershire Constabulary, when refusing to provide information (because the information is exempt) to provide you the applicant with a notice which: (a) states the fact, (b) specifies the exemption in question and (c) states (if not otherwise apparent) why the exemption applies.

The following exemption applies:

Section 40(2) Personal Information

Section 40(2) applies to third party personal data. This would not be released under the Freedom of Information Act unless there is a strong public interest. The disclosure of any information which could lead to the identification of an individual would breach the Data Protection Principles contained with the Data Protection Act 2018, namely the first

principle which states that personal data shall be processed lawfully, fairly and in a transparent manner in relation to individuals.

This exemption is absolute and class based therefore I am not required to apply either the public interest test or harm test in disclosure.

In accordance with the Act, this letter represents a Refusal Notice for this part of your request.

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.

The Information Commissioner can be contacted via the following means:

Website - <https://ico.org.uk/>

Call their helpline - 0303 123 1113

Email - casework@ico.org.uk

Post –

Information Commissioner's Office
Wycliffe House

This instrument has been verified to comply with the Manufacturer's Specification by using documented procedures for the calibration and verification process. The test equipment used in the calibration was itself calibrated by a UKAS accredited calibration facility.

The sample measurements in the calibration certify this device for use to the full extent of the instrument's specification. Range (20m - 1000m), Speed (0 - 199mph)).

We certify any parts or components that may have been used during these procedures are genuine parts as supplied by the manufacturer and identical to those used in the device as Type Approved. This device conforms with the device that was approved.

Next Calibration Due:	02/05/2024
