Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly whilst we

endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

I can confirm that a search has been conducted for crimes recorded from 01/01/2019 to 09/05/2024 whereby the offence was burglary. Please note that the Home Office crime recording rules changed in April 2023. Therefore the figures below will include the following offences:
