Dear

**Gloucestershire Constabulary Freedom of Information request FOI\_24\_0618**

On 25/06/2024 you sent an email constituting a request under the Freedom of Information Act asking the following:

If I may I have some follow up questions.

1. If the cameras aren't ANPR then how will offending vehicles be identified?
2. When will the cameras be live?

Please note I have reformatted your questions for ease.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

1. As with normal speed checks the cameras identify a speeding car and photograph the registration number. The police check the registration with DVLA to identify the registered keeper.
2. No information held

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.

The Information Commissioner can be contacted via the following means:
