Dear

Gloucestershire Constabulary Freedom of Information request FOI_24_0793

On 29/08/2024 you sent an email constituting a request under the Freedom of Information Act asking the following:

I would like to please submit an FOI request for the following data for the period of July 2023 to July 2024:

1. The number of motorists who have been sent a letter giving them the option to pay and complete a speed awareness course as an alternative for receiving points on their license.
2. The location of the motorist who has been sent the letter.
3. The cost of the course the motorist must pay in lieu of the points on their license.
4. The number of motorists that have failed to complete/remain present for the duration of the speed awareness course.

Additional data:

Is there any data on how many of these motorists have not shown up for the course after booking it.

If you need anything more, please let me know.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly whilst we

endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

Q1. 31023

Q2. Please see the attached document – Q2 Data Table.csv

The information requested has been gleaned from PentiP, an external system used for the administration of penalty notices. Please note that the locations are manually input to the system within freetext fields so there are many inconsistencies relating to the format of the location within the results (Gloucestershire, Glos., Glos etc.). These are not duplicate entries.

Q3. The cost of a course can vary depending on the provider. The cost range is £86-£95.

Q4 and additional data question – Please see the table below:

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.
