Dear

Gloucestershire Constabulary Freedom of Information request FOI_24_0795

On 29/08/2024 you sent an email constituting a request under the Freedom of Information Act asking the following:

Can you please tell me:

- If the police estate has been surveyed to see whether its buildings contain Reinforced Autoclaved Aerated Concrete (RAAC)?
- If so, when the surveys took place?
- How many buildings were identified as containing the material?
- What, if any, action has been taken as a result of the findings?
- How much money has been spent on such action to date?
- What is the total estimated future cost of action to deal with RAAC?

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds no relevant information.

The Constabulary can confirm we do not have any buildings with RAAC.

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.

The Information Commissioner can be contacted via the following means:
