Dear

Gloucestershire Constabulary Freedom of Information request FOI_24_0824

On 06/09/2024 you sent an email constituting a request under the Freedom of Information Act asking the following:

I am writing to request information under the Freedom of Information Act, can you please provide the following?

1. The number of crimes involving individuals under the age of 18, either as suspects or victims in the last three years? [Between April 6 - April 5 2021/22, 2022/23, 2023,24] Can the figures be broken down by year and separated by the number of victims and the number of suspects.

2. Of those, how many pertain to violent crimes? Broken down by year and separated by victim / suspect.

*By violent crimes, I refer to any act that physically harms or threatens to harm another person, or includes the use of a weapon. Such as assault, gun/knife crimes, sexual violence etc.

3. For the last year alone [Between April 6- April 5 2023/24], can you provide the 10 most common crimes/offences involving under 18s (as either suspects or victims). Can you include the name of the offence and the number of offences.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to

information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly whilst we endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

Following receipt of your request, initial searches were conducted of the Crime Recording System for all substantiated crimes recorded from 06/04/2021 – 05/04/2024, whereby the Offender and Victims were aged 0 to 17. This search included crimes where a Crime Vulnerability tag of Knife Crime and Firearms have been applied.

This has returned 17,629 unique crime records, we have not provided any further breakdowns due to the amount of data please see the attached CSV table.

FOI 2024_0824

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.

The Information Commissioner can be contacted via the following means:

Website - <https://ico.org.uk/>

Call their helpline - 0303 123 1113

Email - casework@ico.org.uk
