Dear

Gloucestershire Constabulary Freedom of Information request FOI_24_1024

On 18/11/2024 you sent an email constituting a request under the Freedom of Information Act asking the following:

How many arrests occurred between 12/03/24 and 15/03/24 in Cheltenham?

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly whilst we endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

A search of the Arrest Recording System has been conducted to identify all detentions authorised between 12/03/2024 – 15/03/2024. A manual review has then been conducted to identify those where the arrest location is Cheltenham. This has returned a total of 30 Arrest records.

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.
