Dear

Gloucestershire Constabulary Freedom of Information request FOI_24_1135

On 18/12/2024 you sent an email constituting a request under the Freedom of Information Act asking the following:

Under FOIA, please can you provide me with the following information for the entirety of the 2024 calendar year?

1/ The total number of Freedom of Information requests responded to by the force for this calendar year (2024). This is not the total number of FOI requests received but rather the total number of decisions sent to respondents by the force. Please do not include responses to internal reviews for all parts of this request, only responses to original requests.

2/ The total number of these decisions (the figure provided for part 1) which included a public interest test.

3/ A breakdown of the total number of public interest tests provided in the response to part 2 which concluded that information should be released (i.e. the conclusion of the test favoured disclosure).

4/ A breakdown of the total number of public interest tests provided in the response to part 2 which concluded information should not be released (i.e. the conclusion of the test favoured non-disclosure).

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

1. 1054 Responses have been responded to in the calendar year of 2024. Please note that this does include any FOI's which were logged in 2023 and any overdue requests.

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.

The Information Commissioner can be contacted via the following means:
