Dear

Gloucestershire Constabulary Freedom of Information request FOI_25_0722

On 23/07/2025 you sent an email constituting a request under the Freedom of Information Act asking the following:

Under the Freedom of Information Act 2000, I am requesting the following data for the calendar years 2019 to 2024.

1. Speeding Offences and Fines

Please provide the following for each year between 2019 and 2024:

- a) The number of speeding offences your force recorded (e.g., fixed and mobile camera-detected and officer-issued offences under Section 89 of the Road Traffic Regulation Act 1984).
- b) The total value of Fixed Penalty Notices (FPNs) issued or paid, if held. (If payment data is not held, the number of FPNs issued alone is sufficient.)
- c) If available:

- A breakdown of speeding offences by day of the week, and/or
- Time of day (e.g. by hourly bands or AM/PM).

Please provide whatever granularity is available; if only the date is held, that's still helpful.

2. Theft from Motor Vehicles – Wheels & Tyres Please provide the following for each year between 2019 and 2024:

- a) The number of "theft from a motor vehicle" offences where wheels and/or tyres were reported stolen. This includes full wheel assemblies, individual tyres, or alloy wheels.
- b) If available, a monthly breakdown of these offences.
- c) If held, provide details of the most commonly stolen parts/items reported in "theft from motor vehicle" offences (e.g., tyres, wheels, catalytic converters, etc.).

If wheel or tyre thefts are not separately coded, please advise whether keyword search of MO/descriptive fields is possible, or provide the nearest equivalent data.

If your force uses different offence codes or terminology, please respond using the closest equivalent data available.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly whilst we endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

1. Please see the table below for a consolidated response to your request.
