Dear

Gloucestershire Constabulary Freedom of Information request FOI_25_1117

On 18/11/2025 you sent an email constituting a request under the Freedom of Information Act asking the following:

Under the Freedom of Information Act 2000, I would like to request the following information:

1. For the most recent full financial year for which data is available, please provide the total revenue raised from speeding enforcement within the Gloucestershire Constabulary area. This should include revenue from Fixed Penalty Notices, court fines, and any associated payment schemes (including speed awareness courses if relevant).
2. For the same period, please advise whether figures are available for the revenue raised from speeding enforcement specifically on the A419 (or camera sites/enforcement points located on the A419, under your jurisdiction). If precise revenue figures for the A419 are not held, please advise what relevant data (e.g. number of offences or breakdown by camera/enforcement sites) is available.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds no relevant information.

In relation to Q1 & Q2,

No information held. Fixed penalty fines, court's adjudication fines, and associated costs go to central government.

However, if you wish to request the number of speeding offenses recorded over a specific time period, we may be able to answer your request.

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.
