Dear

Gloucestershire Constabulary Freedom of Information request FOI_25_1201

On 17/12/2025 you sent an email constituting a request under the Freedom of Information Act asking the following:

Under the Freedom of Information Act 2000, I would like to request the following information:

1. The number of fines per speed camera in Gloucestershire from January 2025
2. The number of fines on a monthly basis in Gloucestershire between December 2024 to December 2025
3. The total revenue from speed cameras in Gloucestershire from January 2025

If you do not hold this data in exactly this form, please provide the closest equivalent categories or explain if this information is not captured.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly whilst we endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.
