Dear

Gloucestershire Constabulary Freedom of Information request FOI_26_0295

On 16/03/2026 you sent an email constituting a request under the Freedom of Information Act asking the following:

Between June 2022 and March 2025, your force-imposed conditions on 1 assembly under section 14 of the Public Order Act, according to Home Office data. The Home Office did not provide any further details about this assembly.

For this assembly, please provide all internal assessments and/or documents outlining the rationale for introducing such conditions. Assessments of this type often include public order strategic threat and risk assessments, or POSTRAs, and proportionality assessments.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds no relevant information.

Whilst the Constabulary can confirm that 1 protest has been identified between June 2022 and March 2025 whereby conditions were imposed under section 14 of the Public Order Act 1986, the conditions were imposed spontaneously and therefore none of the requested items were completed prior to conditions being imposed.

Additionally, searches were undertaken within the relevant departments which has resulted in a nil return.

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.

The Information Commissioner can be contacted via the following means:
