Dear

Gloucestershire Constabulary Freedom of Information request FOI_26_0350

On 07/04/2026 you sent an email constituting a request under the Freedom of Information Act asking the following:

Please can you provide the number if reports you received regarding the theft of used cooking oil in 2021, 2024, 2025 and the year to April 2026.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds the relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies, and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly, whilst we endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

Year	Total
2021	10
2024	15
2025	7
2026	2
Total	34

We have searched the incident recording system with the wording cooking oil to gain these results.

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.

The Information Commissioner can be contacted via the following means:
