Dear

Gloucestershire Constabulary Freedom of Information request FOI_26_0420

On 01/05/2026 you sent an email constituting a request under the Freedom of Information Act asking the following:

I would like to request:

- 1) How many roadside or handheld breathalysers (if any) are currently owned by yourselves.
- 2) When each one was last calibrated.
- 3) When they are due to be calibrated again next.

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds some relevant information.

Following receipt of your request, one of the Constabulary's subject specialists conducted a search for the information you requested. Please find below the responses.

Q1) 148 roadside breath test devices, of which 5 are for training purposes.

Q2) Each individual machine is calibrated every 28 days. If it is not calibrated, then it will become inactive. Therefore, each machine will hold its own individual timescale.

Q3) Please see information provided for Q2.

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure. Please note that a request for an internal review must be made within 20 working days of the response to your original request.

If you decide to request that such a review is undertaken and following this process you are still unsatisfied, you then have the right to direct your complaint to the Information Commissioner for consideration.

The Information Commissioner can be contacted via the following means:
