Specifically, I am requesting copies of information, incident logs, and records held by Gloucestershire Constabulary concerning allegations or reports made this year (from 1st March 2026 to present) stating that a dog has attacked other dogs, or exhibited dangerous out-of-control behavior, within the following locations:

- *Long Street area
- *Littlecombe area

- *Lister Road area

Please provide the following:

2. Anonymised Incident Descriptions: The redacted summary text, dates, and times for each of these logged incidents.
3. Outcome Data: Information on the police outcome for each report (e.g., advice given, community resolution, postal requisition, or no further action).

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds no relevant information.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly whilst we endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

Location	Incidents
Long Street area	None within the time frame requested
Littlecombe area	None within the time frame requested

If you are not satisfied with this response or any actions taken in dealing with your request, you have the right to ask that we review your case under our internal procedure.
