Dear

Gloucestershire Constabulary Freedom of Information request FOI_26_1000

On 21/10/2026 you sent an email constituting a request under the Freedom of Information Act asking the following:

Please provide the following information about the crossroads where the road from Sherston (Knockdown Road) meets the A433 at Knockdown, near the Holford Arms, postcode GL8 8QY. In each case, please cover the junction and the roads within 100 metres of it, for the period 1 January 2016 to the date of your response.

1. Recorded collisions: a list of all road traffic collisions recorded by your force, both injury and damage-only, showing for each the date, time, severity, number and type of vehicles, the direction of travel or approach used, and the contributory factors recorded.
2. Calls and incidents: the number of calls or incidents logged about collisions, near misses, debris, damaged signs, missing road markings or hazards at this location, with dates and incident types.
3. Notifications to the highway authority: copies of any reports, emails or other notifications your force sent to Wiltshire Council or Gloucestershire County Council about the condition of signs, road markings, visibility, debris or safety at this junction, and any replies.
4. Safety reviews: any collision cluster analysis, road safety partnership report, site meeting note or recommendation that refers to this junction.

Please remove any personal data before releasing the information; I am not asking for anyone's identity. If any part of this request would exceed the cost limit, please tell me which part, so that I can narrow it, rather than refusing the whole request. Electronic copies, and spreadsheets for any lists, would be ideal.
Many thanks,

Under the Freedom of Information Act 2000 s1, I can confirm that Gloucestershire Constabulary holds relevant information.

We are committed to being an anti-discriminatory organisation. This means not only acting in a non-discriminatory way, but addressing systemic inequalities, disadvantage and discrimination.

Following receipt of your request we have soured the information to the relevant departments within the Constabulary. We have searched for results from 01/01/2016 to 20/10/2026 code of the following R00, R01, R02, R03, R13 and R14. As well as duplicates and non-incidents removed.

Police Forces in the United Kingdom are routinely required to provide statistics to government bodies, and the recording criteria is set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the data. It should be noted that for these reasons the figures given relate to information from the specific recording system of Gloucestershire Constabulary and should not be used for comparison purposes with any other response you receive.

Please note that our systems are designed to record information for policing purposes and the investigation of crime and not to extract statistical information. Accordingly, whilst we endeavour to extract relevant data within the time limits of the Act, any data supplied is subject to these limitations.

Q1)
No further breakdown of data has been granted due to the potential identification of personal data.
