STATEMENT OF ACCOUNTS 2019/20

NARRATIVE REPORT BY THE CHIEF CONSTABLE'S CHIEF FINANCE OFFICER

The purpose of this report is to provide a clear guide to the most significant matters reported in the accounts. It explains the purpose of the financial statements that follow and provides a summary of the Chief Constable's financial activities during 2019/20.

These accounts have been prepared during the Covid-19 global pandemic. The financial and operational consequences of Covid-19 did not significantly impact the organisation during the 2019/20 financial year covered by these accounts. However the long term consequences will impact on future planning.

Police Reform and Social Responsibility Act 2011

The Police Reform and Social Responsibility Act 2011 established the Chief Constable for Gloucestershire and the Police and Crime Commissioner (PCC) for Gloucestershire as separate legal entities (corporation sole). The primary function of the Chief Constable is the exercising of operational policing duties under the Police Act 1996. The PCC's function is to hold the Chief Constable to account for the exercise of these duties, thereby securing the maintenance of an efficient and effective police force in Gloucestershire. The Chief Constable is accountable to the PCC.

Both the PCC and the Chief Constable are required to publish statement of accounts. For accounting purposes the PCC and the Chief Constable together are known as the Group. A separate set of statutory accounts has been published for the PCC and Group to recognise all of the financial transactions incurred during 2019/20 for policing Gloucestershire. The accounts which follow show the Chief Constable's financial results for 2019/20.

For accounting purposes the concept of "substance over form" requires that the economic substance of transactions and events must be recorded in the financial statements rather than just their legal form, in order to present a true and fair view of the affairs of the entity. These accounts are produced in line with this concept.

The Chief Constable has full operational control of officers and employs the majority of the staff. The PCC has retained employment only of staff in the Office of the PCC (OPCC). The PCC has retained ownership of all assets, and all contracts are let in the name of the PCC. The PCC is responsible for establishing all reserves and controls the cash flow.

Statement of Accounts

The format and content of the Accounts are laid down by the Code of Practice on Local Authority Accounting in the UK 2019/20 (the 'Code') based on International Financial Reporting Standards, adopted by CIPFA, the professional body of public sector accountants. The accounting policies adopted by the Chief Constable comply with recommended accounting practices and are explained on pages 18 to 21.

The Accounts reflect the current legislative framework as well as the local arrangements operating in practice. Key elements of this framework include:

- The Police Reform and Social Responsibility Act 2011
- The Home Office Financial Management Code of Practice for the Police Service of England and Wales
- Scheme of Delegation between the PCC and the Chief Constable
- Corporate Governance Framework for the Group.

These financial statements include the following:

- Statement of Responsibilities. This sets out the responsibilities of the Chief Constable and the Chief Finance Officer in respect of the Statement of Accounts

STATEMENT OF ACCOUNTS 2019/20

- Comprehensive Income and Expenditure Statement. This recognises the financial resources belonging to the PCC consumed at the request of the Chief Constable for the year to 31st March 2020 (as opposed to the overall cost of policing Gloucestershire as shown by the Group Accounts)
- Movement in Reserves Statement. This statement summarises the movements to and from the reserves for the year 2019/20. The only movements applicable to the Chief Constable accounts are those relating to pensions. It should be noted that all reserves are held by the PCC, not by the Chief Constable
- Balance Sheet as at 31st March 2020. The Balance Sheet shows the value of the assets and liabilities recognised by the Chief Constable. The Balance Sheet includes pension liabilities and assets. The net pension liability is underwritten by an intra-group debtor with the PCC
- Cash Flow Statement. This shows the changes in cash and cash equivalents of the Chief Constable during the accounting period. The Chief Constable does not manage any of these transactions and accordingly this statement does not show any figures. Movements of monies are included in the Accounts of the PCC
- Police Pension Fund Accounts. These comprise the Fund account, the Net assets Statement and the related notes, shown at the end of the Statement of Accounts.

Annual Governance Statement

The Accounts and Audit Regulations 2015 require that the Annual Governance Statement accompanies the Statement of Accounts. The Chief Constable and the PCC have prepared a joint statement and have elected to publish the statement as a separate document. The Annual Governance Statement gives an assessment of the effectiveness of internal control procedures, and should report any significant governance issues that have been identified. There are no significant governance issues.

Financial Performance

In February 2019 the PCC approved a revenue expenditure budget for 2019/20 of £119.9 million.

This was funded by £61.6 million (51%) from central government and £58.3 million (49%) from Council Tax. The police element of the Band D Council Tax was set at £250.49, an increase of £24 (10.6%) on that set for 2018/19. The budget for 2019/20 was split as follows:

- Constabulary budget - £117.7 m
- OPCC budget - £1.0 m
- PCC's Commissioning fund - £1.2m.

Financial performance against budget is monitored throughout the year and reported monthly to the Finance Panel meeting attended by both the PCC and the Chief Constable. The total net revenue expenditure in 2019/20 was an underspend against the budget of £1.15m (1%). The underspend for the year has been transferred to the Estates Reserve.

The reserves of the Group are held by the PCC and are available for the Chief Constable to utilise in the performance of his duties, with approval by the PCC. As at 31st March 2020 the PCC held total usable reserves of £29m. Details of these reserves and their purposes can be reviewed in the PCC's Statement of Accounts. The PCC has prepared a Reserves Strategy which is published on the OPCC website.

The main points to note in the accounts are:

- In the Comprehensive Income and Expenditure Statement the total financial resources consumed by the Chief Constable reduced from £179.8m in 2018/19 to £131m in 2019/20 – a reduction of £49m (27%).
- The Balance Sheet mainly reflects police pension scheme liabilities, which are underwritten by the PCC.
- All bank accounts are held by the PCC and all income and funding is received by the PCC. Hence the Cash Flow Statement for the Chief Constable does not show any figures.

STATEMENT OF ACCOUNTS 2019/20

Financial Summary 2019/20

A separate Summary of the Statement of Accounts of the Police & Crime Commissioner (PCC) and Group has been produced to provide clearer information and aid understanding. The full Statement of Accounts is available on the PCC's website at www.gloucestershire-pcc.gov.uk

In the Summary Accounts modifications have been made to the figures contained in the full Statement of Accounts to aid clarification. Pension liabilities have been excluded from the Balance Sheet as these liabilities will be met from government funding and future pension contributions. On the Income and Expenditure Account capital adjustments and pension adjustments (IAS19) have been consolidated to simplify the statements.

Officers and Staff

As at 31st March 2020 the Constabulary budgeted establishment was 1950 posts. The full time equivalent (fte) numbers are provided below.

	31/3/2019	31/3/2020
Police Officers	1063	1107
Police Staff/ PCSOs	793	843
Total	1856	1950

During 2019/20 additional staff were recruited for strategic planning, change services, information disclosure, executive support and welfare and for the new training centre.

During 2021/22 and 2022/23 the budgeted staff establishment is projected to increase further for additional posts to support the uplift in officer numbers.

Operational Performance

The Police and Crime Plan for 2017/2021 was launched in February 2017. Every PCC must set out the policing priorities for their area, which form the basis for the Police and Crime Plan. The PCC set six priorities:

- Accessibility and accountability
- Older but not overlooked
- Safer days and nights
- Young people becoming adults
- Safe and social driving
- Safer cyber.

Two additional strands have been added to the Police and Crime Plan:

- A green and pleasant county for now and in the future, ensuring that the Constabulary operates in as responsible and sustainable a way as possible
- A compassionate approach, extended to animals and their ability to enjoy a life free of cruelty.

In January 2020 the PCC reviewed the plan and whilst the priorities he identified through consultation with local people remain the same, He identified a number of areas of focus for the remainder of the Plan.

The new keys areas of increased focus are:

- Every crime matters
- Burglary and rural acquisitive crime
- Growing the frontline
- Aligning the Constabulary with the principles of 'Child Friendly Gloucestershire
- Accessibility and accountability.

STATEMENT OF ACCOUNTS 2019/20

The Constabulary has appointed a police lead for each priority who works together with the priority lead to ensure that delivery plans are developed for each priority. Every six months the police leads report the progress on these plans to the PCC's Governance Board.

During the 12 months to February 2020 recorded crime in Gloucestershire increased by 13.6%, compared to an overall increase of 1.5% in England and Wales. In most categories of recorded crime Gloucestershire's crime rate is low compared to the national rate. Although there have been increases in recorded violent crime both locally and nationally, Gloucestershire is below the national average for this. Gloucestershire has seen notable increases in recorded burglary offences but this is still below the national rate for these offences.

Force operational priorities are set, based upon the greatest threat, harm and risk. Officers and staff must ensure that priority is given to work falling into these categories:

- Child sexual exploitation, Child Abuse and IIOC
- Missing and mental Health
- Domestic Abuse
- Modern day Slavery.

All staff and officers are briefed on the priorities and provided with more detailed information through the Force Intranet.

Each year HMICFRS assess the Constabulary for the effectiveness, efficiency and legitimacy with which it keeps people safe and reduces crime (PEEL assessment). The Constabulary was inspected in October 2018 and their report was published in May 2019. The following outcomes for 2018 were reported as.

Effectiveness

The Constabulary was assessed as good in respect of its effectiveness. The overall judgement for the previous year was requires improvement. The Constabulary was graded as good for preventing crime and tackling anti-social behaviour, investigating crime and protecting vulnerable people. The Constabulary has made good progress but must do more to increase its understanding of serious and organised crime and target its resources where harm is most likely. The Force was graded as requiring improvement in this area.

Efficiency

The Constabulary was assessed as good in respect of how efficient it is in keeping people safe and reducing crime, the same as the previous year.

The Constabulary was judged to be good at meeting current demand and using resources and at planning for the future.

Legitimacy

The Constabulary was assessed as good in respect of legitimacy with which it keeps people safe and reduces crime. The Constabulary was inspected for ethical and lawful workforce behaviour and rated good. It was not inspected for the fair treatment of the public and the fair treatment of the workforce, and retains the good scores from 2017

Looking Forward

The Budget for the Group for 2020/21 has been set at £126.1 million, funded by £65.6 million (52%) from government grant and £60.5 million (48%) from Council Tax.

The grant settlement for 2020/21 provides £700m for police forces, for the recruitment of 6,000 additional officers by the end of March 2021. For Gloucestershire this funding was split between core grant funding (£4.063m) and ring fenced funding (£1.288).

The ring fenced funding is be paid to forces in line with the progress in recruiting their additional

STATEMENT OF ACCOUNTS 2019/20

officers. The Constabulary has plans to recruit the additional 46 officers in 2020/21. The £126.1 budget for 2020/21 is split as follows:

- Constabulary budget - £123.6
- OPCC budget – £1.2m
- PCC's Commissioning funds - £1.3m.

The Chief Constable has confirmed that the Constabulary will be able to deliver the priorities within the Police and Crime Plan and the current Strategic Policing requirement with the resources provided from the Constabulary budget.

A Medium Term Financial Plan for the four years to 2023/24 was developed prior to the Covid-19 global pandemic. The plan assumes that government grants remain the same over the period and that the council tax increases by 2% per year, pay by 3% and prices increase by 2% per year. Based upon these assumptions savings for at least £1.4m will have to be identified to balance the budgets for the three years to 2023/24. This includes savings for £1.3m to cover the additional revenue costs for the Transformation Programme. The Constabulary will continue to review all departments on a regular basis to ensure that savings are identified and that a significant proportion of resources are committed to frontline policing. The Constabulary has a good track record for identifying savings.

The Chief Constable confirmed that the Constabulary will be able to deliver the priorities within the Police and Crime Plan and the current Strategic Policing requirement with the resources provided from the Constabulary budget.

A Capital Strategy has been published by the PCC which includes three significant capital projects which are currently under development:

- Redevelopment of the Operations Centre at Bamfurlong
- Transformation Programme – to replace a number of ICT systems.

There will be additional revenue costs from the programme and it is expected that the programme will identify savings to fund these. The MTFP includes £1.4m within the 2021/22 Revenue Budget to reflect this costs.

The estimated capital costs of these projects will be funded from a combination of capital receipts, reserves and additional borrowing. The Capital Strategy is published on the OPCC website.

The global pandemic will have financial consequences for public sector funding and for the organisation. The next Medium Term Financial Plan will attempt to take account of the operational and financial consequences of the pandemic.

McCloud / Sergeant Judgement

The Chief Constable, along with other Chief Constables and the Home Office, currently has claims lodged against him in respect of unlawful discrimination arising from the Transitional Provisions in the Police Pension Regulations 2015.

Claims of unlawful discrimination have also been made in relation to the changes to the Judiciary and Firefighters Pension regulations and in December 2018 the Court of Appeal (McCloud/Sergeant case) ruled that the transitional protection offered to some members amounted to unlawful discrimination. On 27th June 2019 the Supreme Court refused the Government leave to appeal on the McCloud case. In light of this it is envisaged that the Court will require changes to the arrangements for employees who were transferred to the new schemes, including Police Pension Scheme members. Provision for this was included within the 2018/2019 Accounts.

On Thursday 16th July 2020 the Government (MHCLG) published a consultation on proposed remedies. On the advice of the actuaries the accounts have not been amended to take account of this consultation. The initial view is that the existing provisions are sufficient to meet the potential liabilities. When the consultation has been finalised and the final determination made the accounts will be reviewed and any required changes enacted.

Pension Schemes

STATEMENT OF ACCOUNTS 2019/20

The Group participates in two pension schemes: the Police Pension Scheme and the Local Government Pension Scheme (LGPS). Both schemes are categorised as defined benefit schemes.

The Police Pension Scheme is an unfunded defined benefit scheme. There are no investment assets built up to meet pension liabilities, and cash has to be generated to meet actual pension's payments as they fall due. Under the Police Pension Fund Regulations 2007, if the amounts receivable by the pension funds for the year are less than the amounts payable, the Group must annually transfer an amount required to meet the deficit to the pension fund. Subject to parliamentary scrutiny and approval, up to 100% of this cost is met by a central government top-up grant. The Group received a top up grant for 2019/20 of £20.937m for 100% of the deficit.

The Group is obliged to include the police pension accounts in their statement of accounts, and the Fund Account and Notes are shown on pages 37 and 38.

In accordance with the requirements of International Accounting Standard No 19 – Employee Benefits (IAS19), as amended, the Chief Constable Statement of Accounts includes net pension liabilities and a pension's asset in its Balance Sheet, and entries in the Comprehensive Income and Expenditure Statement to reflect movements in the assets and liabilities relating to the pension schemes.

I hope that the explanatory notes to these Accounts have been helpful. A summary set of accounts for the Group has been produced and is published on the Gloucestershire Constabulary website. Further information on the Chief Constable's finances can be obtained by:

- writing to the Chief Constable's Chief Finance Officer at Police Headquarters, 1 Waterwells Drive, Quedgeley, Gloucester. GL2 2AN, or
- e-mailing the Chief Constable's CFO at peter.skelton@gloucestershire.pnn.police.uk

STATEMENT OF ACCOUNTS 2019/20

RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS

The Chief Constable's Responsibilities

The Chief Constable is required to:

- Make arrangements for the proper administration of his financial affairs and to secure that one of his officers (the Chief Finance Officer) has the responsibility for the administration of those affairs
- Manage his affairs to secure economic, efficient and effective use of resources and to safeguard his assets
- Approve the Statement of Accounts.

The Chief Finance Officer's Responsibilities

The Chief Finance Officer is responsible for the preparation of the Chief Constable's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this Statement of Accounts the Chief Constable's Chief Finance Officer has:

- Selected suitable accounting policies and then applied them consistently
- Made judgements and estimates that were reasonable and prudent
- Complied with the local authority Code.

The Chief Constable's Chief Finance Officer has also:

- Kept proper accounting records which were up to date
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

CERTIFICATION OF THE ACCOUNTS BY THE CHIEF CONSTABLE'S CHIEF FINANCE OFFICER

I certify that the Statement of Accounts gives a true and fair view of the financial position of the Chief Constable for Gloucestershire as at 31st March 2020 and his income and expenditure for the year then ended.

P Skelton ACA
Chief Constable's Chief Finance Officer

Date 15 January 2021

CERTIFICATION OF THE ACCOUNTS BY THE CHIEF CONSTABLE FOR GLOUCESTERSHIRE

I approve the Statement of Accounts.

Chief Constable

Date 15 January 2021

Independent auditor's report to the Chief Constable for Gloucestershire

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Chief Constable for Gloucestershire (the 'Chief Constable') for the year ended 31 March 2020 which comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies, and include the police pension fund financial statements comprising the Fund Account and the Net Assets Statement. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2019/20.

In our opinion, the financial statements:

- give a true and fair view of the financial position of the Chief Constable as at 31 March 2020 and of its expenditure and income for the year then ended;
- have been properly prepared in accordance with the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2019/20; and
- have been prepared in accordance with the requirements of the Local Audit and Accountability Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the Chief Constable in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

The impact of macro-economic uncertainties on our audit

Our audit of the financial statements requires us to obtain an understanding of all relevant uncertainties, including those arising as a consequence of the effects of macro-economic uncertainties such as Covid-19 and Brexit. All audits assess and challenge the reasonableness of estimates made by the Chief Financial Officer and the related disclosures and the appropriateness of the going concern basis of preparation of the financial statements. All of these depend on assessments of the future economic environment and the Chief Constable's future operational arrangements.

Covid-19 and Brexit are amongst the most significant economic events currently faced by the UK, and at the date of this report their effects are subject to unprecedented levels of uncertainty, with the full range of possible outcomes and their impacts unknown. We applied a standardised firm-wide approach in response to these uncertainties when assessing the Chief Constable's future operational arrangements. However, no audit should be expected to predict the unknowable factors or all possible future implications for an authority associated with these particular events.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Chief Financial Officer's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Chief Financial Officer has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Chief Constable's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

In our evaluation of the Chief Financial Officer's conclusions, and in accordance with the expectation set out within the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2019/20 that the Chief Constable's financial statements shall be prepared on a going concern basis, we considered the risks associated with the Chief Constable's operating activities, including effects arising from macro-economic uncertainties such as Covid-19 and Brexit. We analysed how those risks might affect the Chief Constable's financial resources or ability to continue operations over the period of at least twelve months from the date when the financial statements are

STATEMENT OF ACCOUNTS 2019/20

authorised for issue. In accordance with the above, we have nothing to report in these respects. However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the Chief Constable will continue in operation.

Emphasis of Matter – effects of Covid-19 on valuations of land and buildings, and valuations of the pension liability

We draw attention to Note 3 of the financial statements, which describes the effects of the Covid-19 pandemic on the valuations of the pension scheme liabilities. As disclosed in this note, the outbreak of the Novel Coronavirus (COVID-19) means that the valuations are reported on the basis of, or subject to, 'material valuation uncertainty'. Consequently, less certainty can be attached to these valuations than would normally be the case. Our opinion is not modified in respect of this matter.

Other information

The Chief Financial Officer is responsible for the other information. The other information comprises the information included in the Statement of Accounts, the Narrative Report and the Annual Governance Statement, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge of the Chief Constable obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other information we are required to report on by exception under the Code of Audit Practice

Under the Code of Audit Practice published by the National Audit Office on behalf of the Comptroller and Auditor General (the Code of Audit Practice) we are required to consider whether the Annual Governance Statement does not comply with the 'delivering good governance in Local Government Framework 2016 Edition' published by CIPFA and SOLACE or is misleading or inconsistent with the information of which we are aware from our audit. We are not required to consider whether the Annual Governance Statement addresses all risks and controls or that risks are satisfactorily addressed by internal controls.

We have nothing to report in this regard.

Opinion on other matter required by the Code of Audit Practice

In our opinion, based on the work undertaken in the course of the audit of the financial statements and our knowledge of the Chief Constable gained through our work in relation to the Chief Constable's arrangements for securing economy, efficiency and effectiveness in its use of resources, the other information published together with the financial statements in the Statement of Accounts, the Narrative Report and the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

Under the Code of Audit Practice, we are required to report to you if:

- we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make a written recommendation to the Chief Constable under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make an application to the court for a declaration that an item of account is contrary to law under Section 28 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or;
- we issue an advisory notice under Section 29 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make an application for judicial review under Section 31 of the Local Audit and Accountability Act 2014, in the course of, or at the conclusion of the audit.

We have nothing to report in respect of the above matters.

Responsibilities of the Chief Constable and the Chief Financial Officer for the financial statements

As explained more fully in the Statement of Responsibilities set out on page 7, the Chief Constable is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. That officer is the Chief Financial Officer. The Chief Financial Officer is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2019/20, for being satisfied that they give a true and fair view, and for such internal control as the Chief Financial Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Chief Financial Officer is responsible for assessing the Chief Constable's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless there is an intention by government that the services provided by the Chief Constable will no longer be provided.

The Chief Constable is Those Charged with Governance. Those charged with governance are responsible for overseeing the financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on other legal and regulatory requirements - Conclusion on the Chief Constable's arrangements for securing economy, efficiency and effectiveness in its use of resources

Conclusion

On the basis of our work, having regard to the guidance on the specified criterion issued by the Comptroller and Auditor General in April 2020, we are satisfied that the Chief Constable put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2020.

Responsibilities of the Chief Constable

The Chief Constable is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the review of the Chief Constable's arrangements for securing economy, efficiency and effectiveness in its use of resources

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to be satisfied that the Chief Constable has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Chief Constable's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We have undertaken our review in accordance with the Code of Audit Practice, having regard to the guidance on the specified criterion issued by the Comptroller and Auditor General in April 2020, as to whether in all significant respects the Chief Constable had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people. The Comptroller and Auditor General determined this criterion as that necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Chief Constable put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2020.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to be satisfied that the Chief Constable has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of

STATEMENT OF ACCOUNTS 2019/20

resources.

Report on other legal and regulatory requirements - Certificate

We certify that we have completed the audit of the financial statements of the Chief Constable for Gloucestershire in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice.

Use of our report

This report is made solely to the Chief Constable, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014 and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the Chief Constable those matters we are required to state to the Chief Constable in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Chief Constable as a body, for our audit work, for this report, or for the opinions we have formed.

54,358	(54,358)	0	Total Comprehensive Income and Expenditure	177,300	(177,300)	0	

The Comprehensive Income & Expenditure Statement above reflects the PCC financial resources consumed at the request of the Chief Constable for 2019/20. In practice all the respective costs are paid for by the PCC and the Comprehensive Income and Expenditure Statement includes the intra-group adjustments referred to below in the Notes to the Accounts (Note 2), resulting in a nil balance for Total Comprehensive Income and Expenditure.

STATEMENT OF ACCOUNTS 2019/20

These statements show only the remeasurement of the net defined benefit liability relating to pensions for the years ended 31st March 2019 and 31st March 2020. All reserves are held by the PCC. The financial consequences of the operational activities undertaken by the Chief Constable can be seen in the Comprehensive Income & Expenditure Statement.

STATEMENT OF ACCOUNTS 2019/20

Chief Constable Balance Sheet as at 31st March 2020

31st March 2019 £'000		31st March 2020 £'000
1,506,197	Long Term Debtors - Intra group adjustment	1,384,867
1,506,197	Total Long Term Assets	1,384,867
6,622	Short term Debtors	5,802
6,622	Total Current Assets	5,802
6,622	Short term creditors & provisions	5,802
6,622	Total Current Liabilities	5,802
1,506,197	Pension Liabilities	1,384,867
1,506,197	Total Long Term Liabilities	1,384,867
0	Net Assets	0

Financed by:

0	Usable reserves	0
0	Unusable Reserves	0
0	Total Reserves	0

The Balance Sheet includes:

31st March 2019		31st March 2020
	<u>Long term assets/liabilities</u>	
1,506,197	Police officer and staff pension liabilities	1,384,867
	<u>Short term assets/liabilities</u>	
5,558	Police pension fund Home Office grant	4,195
673	Short term compensated absences	1,137
340	March pay paid in April	413
51	Enhanced holiday pay	57
6,622	Total short term assets/liabilities	5,802

STATEMENT OF ACCOUNTS 2019/20

Chief Constable Cash Flow Statement for the year ended 31st March 2020

2018/19 £'000		2019/20 £'000
	Operating Activities	
0	Cash inflows	0
0	Cash outflows	0
0	Net cash flows from operating activities	0
0	Investing Activities	0
0	Financing Activities	0
0	Net (increase)/decrease in cash and cash equivalents	0
0	Cash and cash equivalents at the beginning of the reporting period	0
0	Cash and cash equivalents at the end of the reporting period	0

This statement does not show any cash flows for the years ending 31st March 2019 and 2020 as all payments were made from the Police Fund which is held by the PCC and similarly all income and funding is received by the PCC during the year. The financial consequences of the operational activities undertaken by the Chief Constable can be seen in the Comprehensive Income and Expenditure Statement

STATEMENT OF ACCOUNTS 2019/20

NOTES TO THE ACCOUNTS

1. Statement of accounting policies 2019/20

a. General principles

These financial statements have been prepared in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom 2019/20*.

Following the passing of the Police Reform and Social Responsibility Act 2011 the Gloucestershire Police Authority was replaced on 22nd November 2012 with two 'corporation sole' bodies, the Police and Crime Commissioner (PCC) for Gloucestershire and the Chief Constable for Gloucestershire. Both bodies are required to prepare separate Statement of Accounts. The accounting policies below reflect the powers and responsibilities of the Chief Constable as designated by the Act and the Home Office Financial Management Code of Practice for the Police Service, England and Wales 2012. The accounting policies defined here are consistent with local regulations and practice as well as the Group policies.

The Financial Statements included here represent the accounts for the Chief Constable. The Financial Statements cover the twelve months to 31st March 2020.

All expenditure is paid for by the PCC, including the wages of police staff and officers, and no actual cash transactions or events take place between the two entities. Costs are however recognised within the Chief Constable's accounts to reflect the financial resources consumed at the request of the Chief Constable and the economic benefit this brings about. For example an economic benefit is recognised to reflect the utilisation of the PCC owned long term assets which mirrors depreciation of property, plant and equipment.

b. Estimation Techniques

Accounting policies and estimation techniques have been selected and exercised, having regard to the accounting principles and contents set out in IAS 8 and IPSAS 3 (*Accounting Policies, Changes in Accounting Estimates and Errors*), specifically:

- The qualitative characteristics of financial information
- Relevance
- Reliability
- Comparability
- Understandability
- Materiality
- Pervasive accounting concepts
- Accruals
- Going concern
- Primacy of legislative requirements

c. Accruals of expenditure & Income

Activity is accounted for in the year it takes place, not simply when cash payments are made. Supplies are recorded as expenditure when they are consumed and the provision of services (including services provided by employees) are recorded as expenditure when the service is received rather than when payments are made. All manual accruals with a value of £500 or more will be processed in the accounts. For manual accruals with a value of less than £500 inclusion in the accounts will be at the discretion of the relevant finance officer.

d. Exceptional Items

When items of income and expenditure are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement (CIES) or in the notes to the accounts, depending on how significant the items are to an understanding of the Chief Constable's financial performance.

e. Provisions

Provisions are made when an event has taken place that gives the Group a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Group becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

f. Grants and contributions

Grants and contributions, including donated assets, shall not be recognised until there is reasonable assurance that the Chief Constable will comply with the conditions attached to them and that the grants or contributions will be received. Grants and contributions shall be accounted for on an accruals basis, and recognised immediately in the Comprehensive Income and Expenditure Statement as income, except to the extent that the grant or contribution has a condition that the Chief Constable has not satisfied.

g. Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases. Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefiting from use of the leased property, plant or equipment.

h. Overheads

The Chief Constable has a policy of not recharging support service overhead costs to front line service providing departments, they are reported separately. However for the purposes of the preparation of the Comprehensive Income and Expenditure Statement the full cost of support service overheads are included in Police Services under the net cost of services.

i. Employee Benefits

Post employment benefits

As part of the terms and conditions for its officers and for staff employees, the Group offers retirement benefits. Although these benefits will not actually be payable until employees retire, the Group has a commitment to make payments that need to be disclosed at the time that employees earn their future entitlement. The Group participates in two separate pension schemes:

- o The Local Government Pension Scheme (LGPS) for staff employees, administered locally by Gloucestershire County Council. This is a funded defined benefit salary scheme, meaning that the Group and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investment assets.
- o The Police Pension Scheme for police officers, comprising three separate elements:
 - a. Police Pension Scheme (PPS)
 - b. New Police Pension Scheme (NPPS)
 - c. 2015 CARE scheme

These schemes (old, new and 2015) are not viewed as materially different as each scheme provides benefits of a similar nature or character - a defined benefit index linked pension, payable from a retirement date. Each scheme also provides survivor benefits, a death in service benefit, injury pension and payment of an ill-health pension. The differences between the schemes are how the benefits are accrued - the accrual rate with which a member earns benefits and the salary used to calculate the pension (pension is linked to final salary or career average salary). These differences do not make the schemes materially different in nature or character. Each scheme is also subject to the same risks.

The costs of retirement benefits are included in the Chief Constable Comprehensive Income and Expenditure Statement when they are earned by employees, rather than when the benefits are eventually paid as pensions. Accrued net pension liabilities have been assessed on an actuarial basis in accordance with IAS 19 Employee Benefits. The net liability and a pensions debtor for all schemes has been recognised on the Chief Constable Balance Sheet, as have entries in the Chief Constable Comprehensive Income and Expenditure Statement for movements in the asset/liability relating to the schemes. These are offset by an intra-group adjustment transferring costs to the PCC.

Actuarial gains and losses are recognised when changes in the net pension liability arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions.

Benefits payable during employment

Short term employee benefits are those due to be settled within 12 months of the year end. These include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits for current employees. The financial consequences of these benefits are recognised in the Chief Constable Comprehensive Income and Expenditure Statement in the year in which the employee renders service to the Chief Constable.

Compensated absences are periods during which an employee does not provide services to the employer, but benefits continue to be paid. Compensated absences may be accumulating e.g. annual leave and flexi-time, or non-accumulating e.g. sick leave and maternity leave. Accumulating absences are those that are carried forward and can be used in future periods if the current period entitlement is not used in full. Short-term (due to be settled within 12 months after the year end of the period in which the employee renders the service) accumulating compensated absences shall be:

- recognised when employees render services that increases their entitlement to future compensated absences.
- measured as the additional amount that the Chief Constable expects to pay as a result of unused entitlement that has accumulated at the Balance Sheet date including associated employers national insurance and pension contributions.

Termination benefits

Termination benefits are amounts payable as a result of a decision by the Chief Constable to terminate a member of staff's employment before their normal retirement date or their decision to accept voluntary redundancy. These are recognised in the Chief Constable Comprehensive Income and Expenditure Statement when the Chief Constable is demonstrably committed to the termination of the employment of an individual or group of employees or making an offer to encourage voluntary redundancy.

j. VAT

The Chief Constable does not submit a VAT return. The PCC submits a single VAT return on behalf of the Group. Expenditure in the Chief Constable Comprehensive Income and Expenditure Statement excludes any amounts relating to VAT as all VAT is remitted to /from HM Revenue & Customs.

k. Events after the Balance Sheet date

The Chief Constable will account for events after the reporting period in accordance with IAS 10 (Events after the Reporting Period), except where interpretations or adaptations to fit the public sector are detailed in the Code.

Two types of events after the Reporting Period can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period (adjusting events), and

STATEMENT OF ACCOUNTS 2019/20

- those that are indicative of conditions that arose after the reporting period (non-adjusting events).

The Chief Constable will adjust the amounts recognised in its Comprehensive Income and Expenditure Statement to reflect adjusting events after the reporting period, but will not adjust its statements for non-adjusting events. However for material non-adjusting events the Chief Constable will disclose the nature of the event and provide an estimate of its financial effect.

2. The creation of the Police and Crime Commissioner for Gloucestershire (PCC) and Chief Constable for Gloucestershire

Following the Police Reform and Social Responsibility Act 2011, the Gloucestershire Police Authority (GPA) was replaced on 22 November 2012 with two 'corporation sole' bodies, the Police and Crime Commissioner for Gloucestershire (PCC) and the Chief Constable for Gloucestershire.

The 2019/20 Comprehensive Income and Expenditure Statements (CIES) for the PCC and the Group differ due to the treatment of IAS19 pension liabilities in the Chief Constable accounts. The net cost of service sub-total within the PCC Comprehensive Income and Expenditure Statement includes payment for PCC resources consumed at the request of the Chief Constable. The decision to account for this expenditure within the PCC net cost of service is in accordance with the SeRCOP definition of total cost of services. In contrast in the Chief Constable Comprehensive Income and Expenditure, the net cost of policing is nil for 2019/20 as the resources consumed at the request of the Chief Constable are completely offset by the intra-group adjustment.

The PCC second stage transfer, effective from 1st April 2014, resulted in the transfer of all Police officers and the majority of Police staff to the Chief Constable, with those staff employed in the Office of the PCC remaining with the PCC. All assets, liabilities and reserves remain with the PCC.

3. Assumptions made about the future and other major sources of estimation uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Chief Constable about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates. The estimates and assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

The items in the Chief Constable 2019/20 Comprehensive Income and Expenditure Statement for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

- a. Pension scheme liabilities. Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Group with expert advice about the assumptions to be applied. The impact of the McCloud/Sargeant judgement has been estimated for the police officer pension scheme. The value of these pension scheme liabilities at 31st March 2020 was £1.385 billion. A sensitivity analysis on the assumptions made is detailed in note 9. A material uncertainty has been identified on the valuations of a number of pooled property investment funds (value of property funds at 31/3/20 was £10.6m) held by Gloucestershire Pension Fund for 2019-20 as a result of the Covid-19 pandemic. Consequently, less certainty can be attached to the valuation of the property than would normally be the case.
- b. Short Term Compensated Absences (£1.14m at 31st March 2020). This figure is estimated based on a sample of officers and staff. A 50% increase in the level of short term compensated absences would result in a further £0.57m being charged to the Net Cost of Services.

4. Accounting Standards that have been issued but have not yet been adopted

The following standards have been issued but have not yet been adopted:

- Amendments to IAS28 Investments in Associates and joint ventures

STATEMENT OF ACCOUNTS 2019/20

- Annual improvements to IFRS Standards 2015-2017 cycle
- Amendments to IAS19 Employee benefits

5. Critical Judgements in applying accounting policies

In applying the accounting policies set out earlier in this document, the Chief Constable has had to make certain judgements about complex transactions or those involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

- A judgement has been made of the expenditure allocated between the PCC and the Chief Constable to reflect the financial resources of the PCC consumed at the request of the Chief Constable. The Chief Constable is judged to incur all expenditure in the Net Cost of Service (£134.0m) apart from that generated directly by the Office of the Police and Crime Commissioner (£3.3m). All income is judged to be received by the PCC. The basis adopted for this allocation was determined by the Group in accordance with the standard set of activities for each corporate body identified in CIPFA's SeRCOP.

-The Chief Constable of Gloucestershire, along with other Chief Constables and the Home Office, currently has 91 claims lodged against him with the Central London Employment Tribunal. The claims are in respect of alleged unlawful discrimination arising from the Transitional Provisions in the Police Pension Regulations 2015. The impact of this McCloud/Sergeant judgement is detailed in note 9.

6. Expenditure and Funding Analysis

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources by the Chief Constable in comparison with those resources consumed or earned by the Chief Constable in accordance with generally accepted accounting practices. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

Expenditure and Funding analysis

This column represents the removal of employer pension contributions as allowed by statute and the replacement with current service and past service costs on the net cost of services line. The net interest on the defined benefit liability charged to the Comprehensive Income and

STATEMENT OF ACCOUNTS 2019/20

Expenditure Statement is included in the other income and expenditure line

7. Expenditure and Income analysed by nature

The Chief Constable's expenditure and income is analysed as follows:

Expenditure and Income analysed by nature

	2018/19 £'000	2019/20 £'000
<u>Expenditure</u>		
Actuarial gain/loss on police pensions	(31,687)	156,363
Police Pension fund	22,671	20,937
Total Expenditure	(9,016)	177,300
<u>Income</u>		
Government grants & contributions	(22,671)	(20,937)
Total Income	(22,671)	(20,937)
<u>Surplus/Deficit on the provision of services</u>	<u>(31,687)</u>	<u>156,363</u>

8. Subjective analysis of spending

2018/19 £000		2019/20 £000
	Financial resources of the PCC consumed at the request of the CC	
53,022	Police pay and allowances	54,733
28,978	Staff pay and allowances	31,738
1,762	Other employee expenses	2,196
9,640	Police pensions	12,701
57,298	IAS19 Pension costs	(1,095)
5,928	Premises	6,412
2,254	Transport	2,326
15,651	Supplies and services	15,752
1,060	Agency and contracted services	1,215
4,240	Depreciation	4,720
179,833	Total financial resources of the PCC consumed at the request of the CC	130,698
(179,833)	Intra group adjustment	(130,698)
0	Net Cost of Service	0

This table presents the Net Cost of Service expenditure detailed in the Comprehensive Income and Expenditure Statement in the form of a subjective analysis.

9. Pension costs

As part of the terms and conditions of employment of its officers and other employees, the Group

STATEMENT OF ACCOUNTS 2019/20

makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Group has a commitment to make the payments (for those benefits) and to disclose them at the time that employees earn their future entitlement.

The Group participates in two separate pension schemes:

- o The Local Government Pension Scheme (LGPS) for staff employees, administered locally by Gloucestershire County Council. This is a funded defined benefit salary scheme, meaning that the Group and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investment assets. The defined benefit is based on a combination of final and average salary dependent on when the participant joined the scheme. The LGPS is operated under the regulatory framework for the Local Government Pension Scheme and the governance of the scheme is the responsibility of the pensions committee of Gloucestershire County Council. Policy is determined in accordance with the Pension Fund Regulations. The investment managers of the fund are appointed by the committee and consist of:

BlackRock Advisors (UK) Limited
CBRE Global Collective Investors UK
Grantham, Mayo, Van Otterloo & Co LLC
Hermes Real Estate Investment Management
Standard Life Investments
Western Asset Management Company
Yorkshire Fund Managers Limited

- o The Police Pension Scheme, comprising three elements: the Police Pension Scheme (PPS), the New Police Pension Scheme (NPPS) and the CARE scheme for police officers. These are unfunded defined benefit final salary schemes, administered by the Group, meaning that there are no investment assets built up to meet the pension liabilities and cash has to be generated to meet actual pensions payments as they eventually fall due. Under the Police Pension Fund Regulations 2007, if the amounts receivable by the pension funds for the year are less than the amounts payable, the Group must annually transfer an amount required to meet the deficit to the pension fund. Subject to parliamentary scrutiny and approval, up to 100% of this cost is met by central government pension top-up grant. If however the pension fund is in surplus for the year, the surplus is required to be transferred from the pension fund to the Group, which must then repay the amount to central government. All schemes are operated under the regulatory framework for the Police Pension Schemes and the governance of the scheme is the responsibility of the Chief Constable, who is the Scheme Manager for the Force. From April 2015 the Scheme Manager is assisted by a Pensions Board. There are no investment assets, so investment managers have not been appointed.

The principal risks to the Group of the pension schemes are the longevity assumptions, statutory changes to the schemes, structural changes to the schemes (i.e. large scale withdrawals from the scheme), changes to inflation, bond yields and the performance of the equity investments held by the LGPS. These are mitigated to a certain extent by the statutory requirements to charge to the General Fund the amounts required by statute as described in the accounting policies note.

McCloud / Sargeant judgement

The Chief Constable of Gloucestershire, along with other Chief Constables and the Home Office, currently has 91 claims lodged against them with the Central London Employment Tribunal. The claims are in respect of alleged unlawful discrimination arising from the Transitional Provisions in the Police Pension Regulations 2015.

These claims against the Police pension scheme (the Aarons case) had previously been stayed behind the McCloud/Sargeant ruling, but were lifted and a case management hearing was held on 25 October 2019. The resulting Order of 28 October 2019 included an interim declaration that the claimants are entitled to be treated as if they had been given full transitional protection and had remained in their existing scheme after 1 April 2015. This interim declaration applies to claimants only. However, a Written Ministerial Statement on 25 March made clear that non-claimants who are

STATEMENT OF ACCOUNTS 2019/20

in the same position as claimants will also be entitled to remedy. It is anticipated the Treasury will consult on proposals to implement a remedy in the coming months to be followed by primary legislation and scheme regulation. As the outcome for the remedy, and where the burden for that remedy lies, has not yet been made giving rise to a possible obligation on the PCC Group.

For giving full transitional protection to members would lead to an increase in the Police Pension Scheme liabilities. Last year, scheme actuaries estimated the potential increase in scheme liabilities to be £63.2m. This increase was reflected in the IAS 19 disclosure as a past service cost in the 2018/19 accounts. In 2019/20, scheme actuaries have reviewed these assumptions at a force level. The change in assumptions is reported in the Comprehensive Income and Expenditure Statement (CIES).

The impact of an increase in annual pension payments arising from McCloud / Sargeant is determined through The Police Pension Fund Regulations 2007. These require a police authority to maintain a police pension fund into which officer and employer contributions are paid and out of which pension payments to retired officers are made. If the police pension fund does not have enough funds to meet the cost of pensions in year the amount required to meet the deficit is then paid by the Secretary of State to the police authority in the form of a government top-up grant.

With regard to the LGPS, the Gloucestershire LGPS Fund commissioned a report from Hymans Robertson requesting, as far as possible, an assessment of the potential impact on liabilities if Government are unsuccessful in their appeal hearing. The outcome of this review determined a potential increase of 0.2% of 'defined benefit obligations' at Fund level. This would have the effect of increasing the PCC and Chief Constable for Gloucestershire liability by £0.4m. As this is not material no changes have been made to these accounts.

In respect of Guaranteed Minimum Pension, the actuary has only allowed for Guaranteed Minimum Pension full indexation for active members. No adjustment has been made for pensioners and deferred members. Given the inherent uncertainty surrounding the calculations, we have deemed that this is a reasonable approach and would not lead to a material adjustment to the pension liability.

Transactions relating to post-employment benefits

The costs of retirement benefits are included in the Net Cost of Service when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge made against the council tax precept is based on the cash payable in the year, so the real cost of retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Group and Chief Constable Comprehensive Income and Expenditure Statement and the Movement in Reserves Statement during the year:

	2018/19 £000	2019/20 £000
<u>Local Government Pension Scheme (LGPS)</u>		
Comprehensive Income and Expenditure Statement		
Net cost of services		

STATEMENT OF ACCOUNTS 2019/20

Current service cost	8,922	11,276
Past service costs (including curtailments)	144	479
Amount charged against the General Fund Balance for pensions in the year: Employers' contributions payable to the scheme	(5,268)	(5,750)
Financing and investment income and expenditure		
Net interest on the net defined benefit liability	4,896	5,162
Expected return on assets in the scheme	(3,564)	(3,434)
Remeasurement of the net defined benefit liability		
Actuarial gains and losses arising on changes in demographic assumptions	0	(7,264)
Actuarial gains and losses arising on changes in financial assumptions	18,792	(25,806)
Other experience	62	(8,189)
Return on plan assets (excluding the amount included in the net interest expense)	(3,867)	13,396
Net charge to the Comprehensive Income & Expenditure Statement	20,117	(20,130)
Movement in Reserves Statement		
Reversal of net charges made for retirement benefits in accordance with IAS19	(20,117)	20,130

2018/19 **2019/20**
£000 **£000**

Police Pension Schemes (PPS, NPPS & CARE)

Comprehensive Income and Expenditure Statement

Net cost of services		
Current service cost	26,300	26,700
Past service costs (including curtailments)	57,900	0
Amount charged against the General Fund Balance for pensions in the year: Retirement benefits payable to pensioners	(30,700)	(33,800)
Financing and investment income and expenditure		
Net interest on the net defined benefit liability	36,700	34,400
Remeasurement of the net defined benefit liability		
Actuarial gains and losses arising on changes in demographic assumptions	(98,600)	(10,500)
Actuarial gains and losses arising on changes in financial assumptions	100,600	(131,500)
Other experience	14,700	13,500
Net charge to the Comprehensive Income & Expenditure Statement	106,900	(101,200)
Movement in Reserves Statement		
Reversal of net charges made for retirement benefits in accordance with IAS19	(106,900)	101,200

An intra-group adjustment transfers these costs from the Chief Constable accounts to those of the PCC.

Assets and liabilities in relation to retirement benefits

Reconciliation of present value of the scheme liabilities:

LGPS		Police Pension Schemes	
2018/19	2019/20	2018/19	2019/20
£000	£000	£000	£000

STATEMENT OF ACCOUNTS 2019/20

As at 1st April	(177,522)	(209,210)	(1,331,700)	(1,438,600)
Current service cost	(8,922)	(11,276)	(26,300)	(26,700)
Net interest on the net defined benefit liability	(4,896)	(5,162)	(36,700)	(34,400)
Contributions by scheme participants	(1,451)	(1,553)	(5,300)	(5,500)
Transfers (in)out	0	0	200	(200)
<u>Remeasurement of the net defined benefit liability</u>				
- Actuarial gains/losses arising from changes in demographic assumptions	0	7,264	98,600	10,500
- Actuarial gains/losses arising from changes in financial assumptions	(18,792)	25,806	(100,600)	131,500
- Other experience	(62)	8,189	(14,700)	(13,500)
Benefits paid	2,579	3,303	35,800	39,500
Past service cost (including curtailments)	(144)	(479)	(57,900)	0
As at 31st March	(209,210)	(183,118)	(1,438,600)	(1,337,400)

Lump sum commutation payments are based on the position at the time of calculation, 31st December 2019.

Reconciliation of fair value of the scheme assets:

	LGPS	
	2018/19 £000	2019/20 £000
As at 1st April	130,042	141,613
Expected rate of return	3,564	3,434
Remeasurement of the net defined benefit liability	3,867	(13,396)
Employers contributions	5,268	5,750
Contributions by scheme participants	1,451	1,553
Benefits paid	(2,579)	(3,303)
As at 31st March	141,613	135,651

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance Sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets.

- Total	(1,282,331)	(1,136,633)	(1,230,305)	(1,379,180)	(1,506,197)	(1,384,867)

The Group has elected not to restate the fair value of scheme assets for previous periods as permitted by IAS19. The liabilities show the underlying commitments that the Group has in the long run to pay retirement benefits. The reduced liability as at 31st March 2020 is largely due to actuarial gains arising from changes in financial assumptions. The total liability of £1,385m has a substantial impact on the net worth of the Group as recorded in the Balance Sheet, resulting in a negative overall balance of £1,310m. However, statutory arrangements for funding the deficit mean that the financial position of the Group remains healthy:

STATEMENT OF ACCOUNTS 2019/20

- The deficit on the LGPS will be made good by increased contributions over the remaining working life of employees, as assessed by the scheme actuary.
- Finance is only required to be raised to cover police pensions when the pensions are actually paid.

The total contributions expected to be made to the LGPS by the Group in the year to 31st March 2021 is £5.3m and the projected current service cost is £8.4m.

The projected current service costs for the Police Pension Schemes for 2020/21 are £21.4 million (from £26.8 million in 2019/20). The current service cost represents the increase in the benefits earned by the employees in the current period based on their pay and length of service.

Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels etc. Both the Police Pension Schemes and the Local Government Pension Scheme have been assessed by Hymans Robertson LLP, an independent firm of actuaries. Estimates for the Local Government Pension Scheme have been based on the latest full valuation of the scheme as at 31st March 2016. Estimates for the Police Pension schemes are based on the latest full valuation of the scheme as at 31st March 2018. The principal assumptions used by the Actuary have been:

	LGPS		Police Pension Schemes	
	2018/19	2019/20	2018/19	2019/20
Long term expected rate of return on assets in the scheme:				
Equity investments	2.4%	2.3%	-	-
Bonds	2.4%	2.3%	-	-
Property	2.4%	2.3%	-	-
Cash	2.4%	2.3%	-	-
Mortality Assumptions:				
Longevity at 65 for current pensioners:				
Male	22.4	21.7	22.3	22.2
Female	24.6	23.9	24.4	24.2
Longevity at 65 for future pensioners:				
Male	24.0	22.4	23.4	23.3
Female	26.4	25.3	25.6	25.4
Rate of inflation	2.5%	1.8%	3.5%	2.8%
Rate of increase in salaries	2.8%	2.1%	3.5%	2.8%
Rate of increase in pensions	2.5%	1.8%	2.5%	1.9%
Expected return on assets	2.4%	2.3%	-	-
Rate for discounting scheme liabilities	2.4%	2.3%	2.4%	2.3%
Take-up of option to convert annual pension into retirement lump sum	35% pre 1/4/08 68% post 31/3/08	35% pre 1/4/08 68% post 31/3/08	90% all schemes	90% all schemes

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below, prepared by the actuary (Hymans Robertson LLP), have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The estimations in the sensitivity analysis have followed the accounting policies for the scheme i.e. on an actuarial basis using the projected unit

STATEMENT OF ACCOUNTS 2019/20

credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in the previous period.

LGPS

The sensitivities regarding the principal assumptions used to measure the scheme liabilities are set out below:

Change in financial assumptions at year ended 31st March 2020	Approximate % increase to Employer Liability	Approximate monetary amount (£000)
0.5% decrease in Real Discount Rate	12	21,158
1 year increase in member life expectancy	4	10,412
0.5% increase in the Salary Increase Rate	1	2,603
0.5% increase in the Pension Increase Rate	10	18,366

Police Pension Schemes

The sensitivities regarding the principal assumptions used to measure the scheme liabilities are set out below:

Change in financial assumptions at year ended 31st March 2020	Approximate % increase to Employer Liability	Approximate monetary amount (£000)
0.5% decrease in Real Discount Rate	10	130,834
1 year increase in member life expectancy	3	39,711
0.5% increase in the Salary Increase Rate	1	14,323
0.5% increase in the Pension Increase Rate (CPI)	8	105,097

The sensitivities regarding the principal assumptions used to measure the projected current service cost are set out below:

Change in financial assumptions at year ended 31st March 2020	Approximate % increase to projected current service cost	Approximate monetary amount (£000)
0.5% decrease in Real Discount Rate	22	4,813
1 year increase in member life expectancy	3	642
0.5% increase in the Salary Increase Rate	0	14
0.5% increase in the Pension Increase Rate (CPI)	10	2,143

Local Government Pension Scheme Assets

The Police Pension Schemes have no assets to cover their liabilities. The Local Government Pension Scheme's assets consist of the following categories:

	Fair value of scheme assets at 31st March 2019			Fair value of scheme assets at 31st March 2020		
Asset Category	Quoted prices in active	Quoted prices not in	Total (£000)	Quoted prices in active	Quoted prices not in active	Total (£000)

None of the property assets included in the scheme are occupied by the Police and Crime Commissioner for Gloucestershire. The LGPS year-end asset values are at bid value as required under IAS19.

Impact on the Group's Cash Flows

The objectives of the schemes are to keep employers' contributions at as constant a rate as possible. With regards the LGPS the County Council has agreed a strategy with the scheme's actuary to achieve a funding level of 100% over the next 17 years. Funding levels are monitored on an annual basis. The latest triennial valuation for the LGPS was completed on 31st March 2016 and for the Police Pension schemes on 31st March 2018.

The LGPS scheme was amended from 1st April 2014 to become a career average scheme for benefits built up from that date. The Police pension scheme reforms came into place from 1st April 2015.

The weighted average durations of the defined benefit obligation for scheme members are detailed below:

	Weighted average duration as at 31st March 2019 (years)	Weighted average duration as at 31st March 2020 (years)
LGPS	21.8	n/a
Police pension schemes	18.5	18.7

STATEMENT OF ACCOUNTS 2019/20

10. Exit packages

The numbers of exit packages with total cost per band and total cost of the compulsory and other departures for the Chief Constable are set out below.

2019/20

Exit package cost band (£)	Number of compulsory redundancies	Number of other departures agreed	Total number of exit packages	Total cost of exit packages £000
20,000 – 40,000	1	0	1	37

2018/19

Exit package cost band (£)	Number of compulsory redundancies	Number of other departures agreed	Total number of exit packages	Total cost of exit packages £000
0 – 20,000	1	1	2	8
100,001 – 200,000	1	1	2	379

The total cost of exit packages includes pension strain costs arising from early retirement without actuarial reduction of pension.

11. Remuneration of Senior Staff

The Chief Constable is required, under the Accounts and Audit (England) Regulations 2014, to report the numbers of staff with pay and benefits in excess of £50,000 in multiples of £5,000. This includes the remuneration of senior employees and relevant police officers which are also disclosed individually.

Remuneration Band	Number of Employees	
	2018/2019	2019/20

STATEMENT OF ACCOUNTS 2019/20

£50,000 - £54,999	98	86
£55,000 - £59,999	37	60
£60,000 - £64,999	13	16

3. The Chief Constable's Chief Finance Officer has also covered the role of PCC Chief Finance Officer. Of the total cost detailed above 30% is attributable to the PCC

STATEMENT OF ACCOUNTS 2019/20

12. Related Party Transactions

The Chief Constable is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Chief Constable or to be controlled or influenced by the Chief Constable.

Her Majesty's Government has significant influence over the general operations of the Chief Constable. It is responsible for providing the statutory framework within which the Chief Constable operates and provides a significant proportion of the main funding (53%) in the form of grants which are paid to the PCC. It also prescribes the terms of many of the transactions that the Group has with other parties. Grants received from Her Majesty's Government by the PCC are set out in the PCC and Group Statement of Accounts 2019/20.

Officers – during 2019/20 there were no material declared related party transactions to disclose.

13. Payments to External Auditors

The following fees were paid to external auditors during the year:

	2018/19 £000	2019/20 £000
External Audit services – Chief Constable	12	12

These costs are included in the Agency and Contracted section of the subjective analysis (Note 8).

14. Post Balance Sheet Events

The Chief Constable is required to disclose any post Balance Sheet events that have a significant impact on the accounts for the year. For 2019/20 the Chief Constable has the following post Balance Sheet event for disclosure. As a result of the recent HMT consultation to remedy the issues identified by the McCloud case, it has become apparent that previous estimates of the McCloud impact in the IAS19 Pensions accounting disclosure have been overstated. The original assessment assumed that a remedy would apply to all members who were in Schemes on or before 31 March 2015. The recent consultation narrows the impacted membership from what was assumed originally and therefore the estimated impact on the liabilities is reduced from the original allowance. The estimated impact of this McCloud adjustment would be a reduction in the pension liability for police officer pension schemes of less than 1% (1% equates to £13.4m) and a reduction in liability for staff (LGPS) schemes of £0.3m in the Balance Sheet. The financial statements have not been adjusted for this change in assumptions. If the financial statements were to be updated there would be a past service gain in the Net Cost of Services of the same value.

15. Contingent Liabilities

The PCC has, along with all other PCC's, provided a pension guarantee of £21k for the APCC pension fund which is currently held by Merseyside LGPS.

Notes to the Gloucestershire Police Pension Fund Accounts

1. General Description of Fund's Operations

The Police Officer Pension Fund is administered by the Chief Constable in accordance with the Police Pensions Act 1976, as amended by the Police Reform and Social Responsibility Act 2011. This is administered from a separate local police pensions account, rather than direct from the Comprehensive Income and Expenditure Statement. The pensions account is topped up by the Group if the contributions are insufficient to meet the cost of pension payments. The Group receives a Police Pension Top Up Grant from the Home Office for an amount equal to the deficit on the Police Pension Fund Account.

It should be noted that the Police Pension Fund has no investment assets, and pensions are paid from employer and employee contributions, plus additional funding from the Group. Employer contributions are based on percentages of pensionable pay set nationally by the Home Office and subject to triennial revaluation by the Government Actuary's Department. For the year ended 31st March 2020 the percentage Employer contribution was 31%, compared to a combined total contribution of 24.2% in 2018/19. Under IAS19 the Police Pension Scheme is classed as a defined benefit scheme. Therefore the risk of shortfall remains with the Group. Accordingly the Group has obtained an actuarial valuation for the scheme.

The Chief Constable of Gloucestershire, along with other Chief Constables and the Home Office, currently has 91 claims lodged against him with the Central London Employment Tribunal. The claims are in respect of alleged unlawful discrimination arising from the Transitional Provisions in the Police Pension Regulations 2015. The impact of the McCloud/Sergeant judgement is detailed in note 9.

2. Accounting Policies

- a. The Accounts have been prepared to meet the requirements of Regulation 7(1) (d) of the Accounts and Audit (England) Regulations 2014 which states that the Group is obliged to include the police pensions account in its statement of accounts. They also meet the requirements of the Code of Practice on Local Authority Accounting in the United Kingdom 2019/20.
- b. The Accounts have been prepared on an accruals basis.
- c. The Accounts do not take account of liabilities to pay pensions and other benefits in the future. This is reported upon separately in the Actuary's statement, details of which can be found in note 9 of the main statement of accounts.
- d. There are no significant estimation techniques employed in the production of the pension fund accounts.

STATEMENT OF ACCOUNTS 2019/20

Joint Annual Governance Statement

The Accounts and Audit Regulations 2015 require that the Annual Governance Statement accompanies the Statement of Accounts. The Chief Constable and the PCC have prepared a joint statement and have elected to publish the Joint Annual Governance Statement as a separate document to the Statement of Accounts.

The Annual Governance Statement is a statutory document which explains the governance processes and procedures in place to enable the Chief Constable and the PCC to carry out his functions effectively. The Statement is available on the Constabulary website.

STATEMENT OF ACCOUNTS 2019/20

GLOSSARY OF ACCOUNTING TERMINOLOGY

ACCOUNTING PERIOD

The period of time covered by the accounts, usually a full year, which for this Group runs from 1st April to 31st March.

ACCOUNTING POLICIES

Those principles, bases, conventions, rules and practices applied by an entity that specify how the effects of transactions and other events are to be reflected in its financial statements through:

- recognising
- selecting measurement bases for, and
- presenting assets, liabilities, gains, losses and changes to reserves.

Accounting policies define the process whereby transactions and other events are reflected in financial statements.

ACCRUALS

The concept that income and expenditure are recognised as they are earned or incurred, not as money is received or paid. For example, expenditure accruals relate to the value of goods/services/works received or carried out, but not necessarily paid for, in the period.

AGENCY SERVICES

Services provided by one body (the agent) on behalf of, and generally with payment from, the responsible body.

ANNUAL GOVERNANCE STATEMENT

The Annual Governance Statement comprises mainly a policy statement; recognition of core principles of good governance; the corporate governance arrangements; and an annual governance review. The Annual Governance Statement is a self-contained statement which is submitted to the Audit Committee for review.

AUDITOR'S OPINION

The opinion required by statute from the Chief Constable's external auditors, indicating whether the statement of accounts presents fairly the financial position of the Chief Constable.

BALANCE SHEET

This statement sets out the financial position of the Chief Constable at year-end 31 March. It shows a summary of non-current assets held, the current assets employed, the balances and reserves of the Chief Constable and the Chief Constable's financial liabilities.

BUDGET

The PCC's plan for providing resources to meet his service obligations. The PCC has most recently set an annual budget within a four year financial strategy covering the period 2019/20 to 2022/23.

CASH FLOW STATEMENT

This statement summarises the Chief Constable's inflows and outflows of cash and cash equivalents arising from transactions with third parties during the year, for revenue and capital purposes.

CHIEF CONSTABLE FOR GLOUCESTERSHIRE

The Chief Constable is a separate corporation sole which was established on 22 November 2012 under the Police Reform and Social Responsibility Act 2011.

CIPFA

The Chartered Institute of Public Finance and Accountancy. This is the main professional body for accountants working in the public sector.

COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT (CIES)

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. PCCs raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves statement.

CURRENT SERVICE COST (PENSIONS)

The increase in the present value of a defined benefit scheme's liabilities expected to arise from

STATEMENT OF ACCOUNTS 2019/20

employee service in the current period.

CURTAILMENT (PENSIONS)

For a defined benefit pension scheme, an event that reduces the expected years of future service of present employees or reduces for a number of employees the accrual of defined benefits for some or all of their future service. Curtailments include:

- (a) termination of employees' services earlier than expected, and
- (b) termination or amendment to the terms, of a defined benefit scheme, so that some or all future service by current employees will no longer qualify for benefits or will qualify only for reduced benefits.

DEFINED BENEFIT SCHEME

A pension or other retirement benefit scheme other than a defined contribution scheme. Usually, the scheme rules define the benefits independently of the contributions payable, and the benefits are not directly related to the investments of the scheme. The scheme may be funded or unfunded (including notionally funded).

DEFINED CONTRIBUTION SCHEME

A pension or other retirement benefit scheme into which an employer pays regular contributions fixed as an amount or as a percentage of pay and will have no legal or constructive obligation to pay further contributions if the scheme does not have sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

DEPRECIATION

The measure of the wearing out, consumption, or other reduction in the useful economic life of a fixed asset.

ESTIMATION TECHNIQUES

The methods adopted to arrive at estimated monetary amounts, corresponding to the measurement bases selected, for assets, liabilities, gains, losses and changes to reserves. These implement the measurement aspects of the accounting policies, and include selecting methods of depreciation and making provision for bad debts.

EVENTS AFTER THE BALANCE SHEET DATE

Events after the Balance Sheet date are those events, favourable and unfavourable, that occur between the Balance Sheet date and the date when the Statement of Accounts is authorised for issue.

FINANCE LEASE

Finance Leases are where the terms of the lease, or a right to use an asset in return for payment, transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. Finance lease(s), as defined by IAS 17, are accounted for as deferred liabilities (within Long Term Liabilities on the Balance Sheet); and the finance charges (i.e. interest element) and principal element, respectively, are charged to the CIES (Financing and Investment Income and Expenditure) and to write down the long-term liability. IAS 17 requires the recognition of any leases embedded within contracts.

GROUP

The term Group refers to the Police and Crime Commissioner for Gloucestershire and the Chief Constable for Gloucestershire.

INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS)

International Financial Reporting Standards (IFRS) replaced the annual Statement of Recommended Practice (SoRP) based on GAAP, for all local authorities in the UK from the financial year commencing 1st April 2010.

MOVEMENT IN RESERVES STATEMENT (MIRS)

This statement shows the movement in the year on the different reserves held by the CC, analysed into 'usable reserves' (including the General Fund Balance), and other (unusable) reserves.

OPERATING LEASE

An operating lease involves the lessee paying a rental for the hire of an asset for a period of time that is substantially less than its useful economic life. The lessor retains most of the risks and rewards of

STATEMENT OF ACCOUNTS 2019/20

ownership. Expenditure financed by operating leasing does not count in capital expenditure. Rentals paid under operating leasing agreements are accrued and accounted for through the revenue account in the period to which they relate.

PAST SERVICE COST (PENSIONS)

For a defined benefit pension scheme, the increase in the present value of the scheme liabilities related to employee service in prior periods arising in the current period as a result of the introduction of, or improvement to, retirement benefits.

POLICE AND CRIME COMMISSIONER FOR GLOUCESTERSHIRE (PCC)

The PCC is a separate corporation sole, which was established on 22 November 2012 under the Police Reform and Social Responsibility Act 2011.

POST BALANCE SHEET EVENTS

Events arising after the balance sheet date which provide additional evidence of conditions that existed at the balance sheet date and are of a material nature.

PROVISION

An amount set aside in the accounts for anticipated future liabilities or specific losses that are reasonably certain to be incurred, but which cannot be quantified accurately at the balance sheet date (are uncertain in amount and date). Provisions have been recognised in the accounts when there is a legal or constructive obligation to transfer economic benefits that can be estimated with a degree of certainty as a result of a past event. Any provision is intended to represent the best estimate at the Balance Sheet date of expenditure required to settle the present obligation; and, later, should only be applied to the precise purpose for which the provision was recognised. Provisions are shown in a note in the full Statement of Accounts.

RELATED PARTY TRANSACTIONS

A related party transaction is the transfer of assets or liabilities or the performance of services by, to or for a related party irrespective of whether a charge is made. Two or more parties are related parties when at any time during the financial period:

- (i) One party has direct or indirect control of the other party, or
- (ii) The parties are subject to common control from the same source, or
- (iii) one party has influence over the financial and operational policies of the other party to an extent that the other party might be inhibited from pursuing at all times its own separate interests, or
- (iv) The parties, in entering a transaction, are subject to influence from the same source to such an extent that one of the parties to the transaction has subordinated its own separate interests.

REMUNERATION

All sums paid to or receivable by an employee and sums due by way of expenses allowances (as far as those sums are chargeable to UK income tax) and the money value of any other benefits received other than in cash. Pension contributions payable by the employer are excluded.

RETIREMENT BENEFITS

All forms of consideration given by an employer in exchange for services rendered by employees that are payable after the completion of employment. Retirement benefits do not include termination benefits payable as a result of either (i) an employer's decision to terminate an employee's employment before the normal retirement date or (ii) an employee's decision to accept voluntary redundancy in exchange for those benefits.

SECONDED OFFICERS

These are police officers who, for agreed periods, temporarily work for other organisations. Their salaries and expenses are not included in the Operating Cost Statement.

SHORT-TERM ACCUMULATING COMPENSATED ABSENCES

Absences earned but not taken by the end of the financial year e.g. annual leave entitlement.

TERMINATION BENEFITS

Termination benefits (e.g. redundancy payments), whether they are resulting from a decision by the Group to terminate an employee's employment before normal retirement date or an employee's

STATEMENT OF ACCOUNTS 2019/20

decision to accept voluntary redundancy, are charged to the relevant service line in the Operating Cost Statement.

THIRD PARTY PAYMENTS

Payments made to outside contractors and other bodies who provide specialist or support services for the Chief Constable.
